

"He Is a Winner"

Judge J. M. ROBSION
OF KNOX COUNTY,
Candidate For Republican Nomination
For Congress

[Paid Advertisement]

WE ARE FOR ROBSION

1. Because Robsion is a much abler man for the job.
2. Because Edwards is not and has not been for the last several years a true Republican. The best test of a man's loyalty to his party is in defeat, and under this test Edwards demonstrated his lack of faithfulness.
3. Because when Powers defeated Edward in 1910 by about ten thousand majority, Edwards and his newspaper, The Mountain Echo, fought Powers and supported Bertram, the Democratic nominee for Congress, and gave Bertram a handsome majority in Laurel County, the home county of Edwards. The only county carried by Bertram in the district.
4. After Powers had received the Republican nomination in 1912 without opposition, Edwards actively assisted in bringing out Seavy as a candidate against Powers, and he endorsed Seavy and gave him his unqualified support and made speeches for him.
5. Edwards and his newspaper, The Mountain Echo, bolted the Republican nominees in Laurel County and aided in the election of Democrats to county offices, and the Republicans in Laurel had to buy the Mountain Echo to keep it from fighting the Republican party.
6. Edwards refused to sign Powers' petition and has fought him for the last eight years and bolted the Republican party and its nominees.
7. Edwards only a few months ago, urged Robsion to run for Congress and agreed if Robsion would run that he would make speeches for him, write letters for him, and do all he could for him. A few politicians got after him, and he thinks he sees a chance to go to Congress, and he breaks his solemn promise. We want a man to go to Congress who regards his word as his bond.
8. Mr. Edwards is a double dealer, in that he will not keep faith, violates his promises, hypocritically claims friendship for Caleb Powers, whom he has bitterly fought for many years. He thereby relinquishes all just claims to the respect and confidence of his fellow citizens.
9. He has held twelve years of office at the hands of the Republicans and when they would give him office no longer, he commenced to fight the party and its nominees. Robsion has been faithful to the party all his life, but has never before sought office. The Good Book teaches us that the reward goes to the faithful and not to the unfaithful.
10. Edwards has not made a speech for the nominee of the Republican party since 1910. If he denies this make him name the time and place where he spoke for the nominees of the Republican party, we know he made speeches for Seavy against Powers, the Republican nominee.

CALEB POWERS' ONLY BROTHER FOR ROBSION.

Barbourville, Ky., June 22nd, 1918.

Judge J. M. Robsion,
Barbourville, Ky.
My Dear Judge:

As my brother, Caleb Powers, is no longer a candidate for the Republican nomination for Congress in this district, it affords me pleasure to assure you that I am for you and will give you my unqualified support.

I know you to be one of the truest and most loyal republicans in the district and you have always contributed freely of your time and money to the party and its nominees, and if Caleb Powers ever had a true friend you have been such to him for more than twenty years, and have helped him in all of his troubles as well as in his races for office. I know that you are able, honorable and

true, and will make a record worth while, if sent to Congress.

On the other hand Mr. Edwards refused to sign my brother's petition to get him out of jail, spoke unkindly of him and fought him bitterly all of these years, and after my brother defeated Edwards for the nomination in 1910, his paper, The Mountain Echo, and himself I am informed, lent their influence and help to Bertram the Democrat, and Bertram the democrat carried Laurel County the home county of Mr. Edwards over my brother by a considerable majority and I believe that is about the only county that Bertram carried in the 11th district that year. In 1912, my brother got the nomination without opposition but I am told Edwards went to Corbin and helped to get Seavy out against him on a new ticket, and helped Seavy against my brother in the final election. I feel that he should not claim the friendship of my brother nor urge us to support him against you.

The entire Powers family and close friends in this part of the country, so far as I am informed, are for you and against Edwards. Wishing you health and success in your race. I remain,

Your friend,
John L. Powers.

LABOR LEADER FOR ROBSION

Pittsburg, Ky., June 26, 1918.

Mr. J. M. Robsion,
Barbourville, Kentucky.
My Dear Sir and Friend:

Yours of June 6th just to hand after some delay as same had been mislaid, and I was certainly glad to hear from you, and to note you are enjoying good health, as this leaves me improving in health slowly, but I hope to be able to be out at work again in the near future. I was certainly glad to note that you were getting along so well with your campaign, and you certainly have my best wishes for your success and as you know I can't take any hand in politics as our Organization is strictly opposed to that, but you will certainly have my personal support, as I know personally without any heresay that you have been a friend to the miners and mine laborers, and did stand by the miners and mine laborers in their struggle last summer, fall and winter, and especially the miners and mine laborers of Knox County, where they had great opposition in their struggle for Industrial Freedom, and I know that you did assist in every way that you possibly could and I am a friend to you because you were a friend to the miners when they needed a friend, and as for me you can depend on my personal support. Friendship and best wishes for your success, and I certainly hope that your friendship and assistance of the past will not be forgotten by the parties that you so bravely stood by and defended in their time of trouble.

With best wishes for your every success,
Very truly,
John Jeffrey,

Pittsburg, Ky.

Mr. Jeffrey, though a Laurel County man is strong for Robsion. He knows Mr. Edwards and his record and this is why he is for Robsion.

CIRCUIT JUDGE WILLIAM LEWIS OF LAUREL FOR ROBSION. ANOTHER LIE NAILED.

Mr. Edwards issued a circular to the public a few days ago in which he states that the voters of Laurel County as a man were for him, and that I have been circulating a lie in saying Wm. Lewis and other prominent Republicans of Laurel were for me. Now let us see who is telling the truth about this matter. Read the following letter from Judge Wm. Lewis. I have the original in my possession.

Manchester, Ky., July 8th, 1918.

Hon. J. M. Robsion,
Barbourville, Ky.
My Dear Robsion:

In response to your inquiry about the circular letter of Mr. Edwards, I assure you that I have authorized no one to say or to even intimate that I am not for you, and you need have no fear about my attitude in the Congressional race. I urged you to run and promised to do what I could for you, and you will recall that I have introduced you on more than one occasion and publicly pledged you my support. Of course at the time I was urging you to run and promising to support you I had no thought of Mr. Edwards entering the race, but there were no strings tied to my promise. Moreover, I knew Mr. Edwards was promising to support you and acting with me in trying to have our friends line up for you, and I never dreamed of his becoming a candidate. I like Mr. Edwards. We live in London and I have always been his personal and political friend, and hope to remain such, and have openly and actively supported him heretofore in all his races for Congress, and under the circumstances I must confess his entering this race puts me in somewhat of an embarrassing position, but it does not justify me in playing false to you and the friends that I have urged to support you. Before leaving home I was approached by a number of friends about the circular letter and my attention called to the fact that it was doing me an injustice, but I had not seen the circular and didn't know what it contained but I now assure you that if there is anything in it that insinuates that I am not for you, then to that extent it misrepresents me, and you are at liberty to say so.

With kind personal regards, I am,
Very truly yours,

Wm. Lewis.

The voters will see after the election is over how Laurel County is not for Edwards. You can also see that Judge Lewis says Edwards and he urged me so run and pledged me his support. We are going to the truth.

WHY DID EDWARDS CHANGE?

Edwards in a great number of letters as well as in conversation to many persons praised Judge Robsion as a man, citizen and candidate, up to the time Edwards became a candidate himself. Edwards was very much for Robsion, according to his own statements, until Edwards decided he wanted to run for the same office then he began to withhold his praise for Robsion and finally to attack him. Robsion was a good man and thoroughly qualified to perform the duties as a member of Congress at the time Edwards was boosting him, and he is better qualified now than he was then.

On March 15th last Edwards wrote the following letter to Judge Tartar.

FOR THRIFT'S SAKE

D. C. EDWARDS
LUMBER AND STAVES

London, Ky., March 15th, 1918.

Dear Judge Tartar:—

Was glad to hear from you and hope you can land Pulaski in the Robsion Column.

I think he will carry all counties above here, including Whitley. I am sorry that all of our friends are not working together but hope most of them are.

Yours truly,
D. C. Edwards.

The Judge Tartar mentioned is the County Judge of Pulaski County, a former supporter of Edwards, but is now supporting Robsion. This is one of many letters written to Robsion and other persons. You will notice that Edwards says on March 15th, 1918, in his letter that Robsion will carry "All the Counties above here including Whitley." If Robsion could do that over Powers, you know he can do it over Edwards. Edwards cannot get half as many votes that Powers would have gotten.

He changed because some politician wanted Robsion to sell out to them and he would not do so then set about to get Edwards out. He is the candidate of some dark room politician.

LIVINGSTON

The campaign here between Hon. J. M. Robsion and Hon. Don C. Edwards, in the Republican fold, is waxing warm, and it is amusing to stand on the other side of the fence and watch the mud slinging, and then again after the primary they make up so soon, and peace and love in the fold again. But what does it matter to us for this is a republican stronghold and at present we have something else to study about — Mrs. B. H. Griffin and Mrs. Robert Griffin were in Mt. Vernon, Wednesday. — Mrs. J. W. Walker, of Clay county, is visiting Mrs. W. T. Amyx — Mr. and Mrs. I. W. Catlin were in Mt. Vernon, Wednesday. — Dr. C. T. Blanford, of Knoxville, is visiting his son, C. A. Blanford. — Mrs. R. J. Lemonds and daughter, Miss Elizabeth, of Louisville, are visiting Mrs. J. P. E. Drummonds, this week. — Mrs. S. E. Heliard, of Mt. Vernon, is visiting in our town this week. — Mr. and Mrs. Bill Langford have moved to our town. We are glad to have them with us.

—Some of our boys left Sunday from our town to whip the Kaiser, viz: Arthur Rice and Wesley Sutcliffe. — Well, we are informed that Hindenburg, the field marshal of Germany, is dead. We do not know whether this is authentic or not, but let's hope that it is, for it seems that all the leaders of that dispirited country will have to be slain before peace with honor will come. The U. S. will not accept any other, and the way the papers looked Tuesday the Kaiser had better hunt his den, for the Samnites are going after him, and dollars to doughnuts they get him. — Vegetation in this locality needs rain. The potato crop is very poor and

gardens need rain. — John Lair, of Mt. Vernon, came down Tuesday. He will return to the service of Uncle Sam soon. — Mr. and Mrs. Fred Baker, of Mt. Vernon, were visiting relatives here Sunday. — Miss Marie Rambo, after two weeks visit with relatives at Maywood and Stanford, has returned home. — Mrs. J. L. Hughes, of Corbin, is with her mother, Mrs. Thomas Farley this week. — Prof. Lee Webb, who was employed as principal of the Graded School here has resigned. The patrons are circulating a petition asking him to reconsider his resignation. He is a fine instructor and the district dislikes to give him up. The Professor may find a better position but he will not find a better

ter people. — Mrs. Thomas Farley is still on the sick list. — Little B. J. Griffin has been on the sick list for the past few days. — Mr. and Mrs. Mike Faugon, who have been citizens of our town for the past year have moved to Harlan, Ky. — Dr. R. G. Webb has all the material for a new house ready and will erect a new dwelling on Maple street — John Farmer, of McKee, Jackson county, was here between trains, Monday, on his way home from Mt. Vernon — J. M. Foure, the blind man, took his organ and left for Middlesboro, Tuesday. — Master Bernard Franklin, of Mt. Vernon, was here between trains, Wednesday. — Mr. and Mrs. Oscar Howard, of Wallins Creek, Harlan county, are visiting Mr. and Mrs. Urban Channing. — Our distinguished friend, the Brodhead correspondent, claims that we are on our way to France and we will soon be in the front line trenches. Well, we will add that we have a son over there and another that may be called soon, and we have donated to the Red Cross, purchased Liberty Bonds and War Saving Stamps, which was our duty, and wish we were able to do more, but if Uncle Sam wants us to go, we are ever ready, and we are not afraid or too proud to fight, for we work 365 days a year, and if Uncle Sam had rather we should fight than work, we will gladly change our overalls for one of his suits. The following lines composed by the writer and dedicated to our friend J. R.:

RED CROSS

Our order has been placed for about one month for yarn, and material from which to make the garments allotted to this Chapter, but on account of the congestion caused by Red Cross orders, these materials have not reached us. We are expecting them daily, and have reports from all parts of the county indicating that the women are anxious to be at work. As soon as the supplies are received, every effort will be made to distribute same to all sections, as we are anxious to have the 500 pairs of socks completed by September 1st.

A rumor has been circulated that seems to have reached various sections of the county to the effect that the local promoters of the Red Cross War Fund Campaign receive 25 per cent of all money collected during that drive. It is presumed that this false statement originated from the fact that 25 per cent can be retained by the Local Chapter to buy material, and relieve distress, caused by the war or in other words for Home Relief Work. None of the parties helping out on this campaign received any salary, or any commission doing all the work, that was done gratis. The total expense of collecting more than \$5000 was \$24.00, this paying the postage, for stationery and other incidental expenses, and if any rumor of this character is again started and it can be shown up to have been wilfully done for the intention of hurting Red Cross work or stopping the donation of money for the Red Cross, prompt action will be taken in court to punish the guilty party or parties.

This Chapter is endeavoring to procure a seven reel picture which was recently released by the Government, being an official war picture, and intended for the instruction of the people, as to the soldier's life, taking them from the training camps to the front "Over There" where pictures are made of our soldiers and our allies in action. This picture run for one week in

Candidate for the Republican Nomination for Congress

W. J. HOWARD

If you believe that bankers and lawyers are the only people to draw and enjoy the big fat salaries, and if you believe further that coal barons and merchant princes are endowed with a patriotic wisdom that will nourish civilization and peacefully bless the human race, then vote for Mr. Robison, who is a banker, a lawyer and a mine owner; or for Mr. Edwards, who is president of a bank and one of Louisville's greatest wholesale merchants, both of whom have proven to be selfish dollar-makers, which very quality in man has brought the world to this, the most horrible crisis known to history.

Or, if you think the time has come that men more of the common type, who live as the masses live and think as the masses think, and who get their livelihood as the people get theirs, then on the third day of August, 1918, when you get ballot in the Republican Primary you will find the name of W. J. Howard, for Congress in the Eleventh district, and vote for him.

Mainly my platform will be: "That government of the people, by the people and for the people shall not perish from the earth."

W. J. Howard.

For Weak Women

In use for over 40 years! Thousands of voluntary letters from women, telling of the good Cardui has done them. This is the best proof of the value of Cardui. It proves that Cardui is a good medicine for women.

There are no harmful or habit-forming drugs in Cardui. It is composed only of mild, medicinal ingredients, with no bad after-effects.

TAKE

CARDUI The Woman's Tonic

You can rely on Cardui. Surely it will do for you what it has done for so many thousands of other women! It should help. "I was taken sick, seemed to be . . .," writes Mrs. Mary E. Vesie, of Madison Heights, Va. "I got down so weak, could hardly walk . . . just staggered around. . . . I read of Cardui, and after taking one bottle, or before taking quite all, I felt much better. I took 3 or 4 bottles at that time, and was able to do my work. I take it in the spring when run-down. I had no appetite, and I commenced eating. It is the best tonic I ever saw." Try Cardui.

WAYSIDE NOTES

The independence day of France (the fall of the Bastille) July 14th 1789, was celebrated here by a large patriotic meeting held at the court house in the afternoon when appropriate four minute addresses were made. Decorations including flags of all the allied nations in the war. A large service flag bearing 249 stars including three gold stars represented Clark county's boys who have responded to Uncle Sam's call. The gold stars tell of her three sons who have given their lives in defense of the liberty of the world. The Mars-Hall and Star Spangled Banner were impressively rendered.

Our 1917 running mate, division engineer Will P. Caldwell, who has been in France since January with the 23rd U. S. Engineers, has had a busy time of it building highways, railroads and camps. On more than one occasion his company while working close up to the front has been obliged to get guns and assist in running the Boches back, rendering valiant service on all occasions.

Engineer F. H. Vancey, in charge of the survey of the gap in the Dixie Boone in Rockcastle, by the new classification has been placed in class 1 and if the action of the board is not rescinded may have to leave the survey and report for war duty at an early date. This would be unfortunate, inasmuch as engineers at this time are scarce and difficult to be secured. Mr. Vancey is no slacker but has a great desire to complete the survey before going to the colors.

Clark county's first concrete bridge will be completed during the present week. It is being erected under the supervision of the Boone Way Man and constructed by a force under the charge of a gentleman born in Kilarney, of the Emerald Isle.

Was much pleased over the reappearance of that Livingston reporter's notes in the Signal, the must say in the way of warning that in case the racket continues between him and the Brodhead scribe, President Wilson will be requested to have Congress forthwith to extend the age limit of drafters so as to include these two rascals into immediate service. Now want you fellows be good. If you can't be good, be as good as you can.

RESOLUTIONS

We the Committee on Resolutions in behalf of the Institute wish to submit the following. Be it resolved:

1—That we will try to eliminate illiteracy in our district by teaching Moonlight Schools.

2—That we will endeavor to arouse the spirit of patriotism in our community by organizing War Saving Societies and Junior Red Cross Leagues and to help the Senior Red Cross in any way we can.

3—That we will obtain a survey of our district by having each patron fill out reports given us by our County Agent Robert P. Spence.

4—That we send greetings of appreciation to our teachers, who are in the Army and Navy.

7—That we will to the best of our ability see to it that the Compulsory school law is enforced.

9—That we thank Prof. Ireland for his splendid work during the Institute and ask our Superintendent to recall him as our Instructor next year.

Meat Must Be Sold

Fresh meat is perishable. It must be sold within about two weeks for whatever it will bring.

A certain amount of beef is frozen for foreign shipment, but domestic markets demand fresh, chilled, unfrozen beef.

Swift & Company cannot increase prices by withholding meat, because it will not keep fresh and salable for more than a few days after it reaches the market.

Swift & Company cannot tell at the time of purchasing cattle, what price fresh meat will bring when put on sale. If between purchase and sale, market conditions change, the price of meat must also change.

The Food Administration limits our profit to 9 per cent on capital invested in the meat departments. This is about 2 cents per dollar of sales. No profit is guaranteed, and the risk of loss is not eliminated.

As a matter of fact, meat is often sold at a loss because of the need of selling it before it spoils.

W. T. Hicks, who bought a bunch of short horn cattle to stock his farm at Wildie, brought them home a few days since and it certainly looks good to see a drove of such cattle feeding on a Rockcastle farm. Mr. Hicks bought over \$3,000 worth.

If those farmers who have not given any attention to sheep raising could have been present and seen Walter Henderson pull down between \$45 and \$50 for three lambs, would certainly open their eyes. COUNCIL OF NATIONAL DEFENSE

Mr. R. F. Spence, our County Agent wishes to have a meeting of the Live Stock and Agricultural Committee on Saturday July 20th at his office over U. G. Baker's store. This meeting is very important as he wishes to make arrangements to start a campaign for the wheat crop, and it would be well for not only the committee, but those interested in wheat growing to call at his office on Saturday afternoon.

The War Conference to be held here on August 6th is going to be a very important meeting. We will have some of the best war workers in the State for speakers, among them we expect to have Lieut. Governor James D. Black, who is very enthusiastic and will make us a splendid speech. This will be the greatest meeting held in this county since the beginning of the war, and we hope that the people can arrange their business, so as to attend all three of the meetings, and get better acquainted with the war situation.

The coal situation is going to be serious in this county. Some parties have ordered coal shipped in, and the miners report that they are more than four months behind with their orders. Many of our local miners are going away to work, and we most earnestly insist on every person that possibly can, having their coal house filled at once. The change of times will make it impossible for the coal to be supplied in the old way, of just a load as it was needed. Have the roads worked over which coal is to be hauled and insist on the coal haulers keeping busy at this season of the year, or there will be a coal famine in Rockcastle.

To the Farmers of Rockcastle County

SHEEP.

In the name of our Government I want to appeal to the farmers of Rockcastle county to keep all their ewes and ewe lambs. We haven't but a very few sheep in Rockcastle county, and I want to ask for the sake of the county and good of the people that we keep what we have until we get a better start in sheep. A few sheep will give the farmer a larger income than in any other investment that he makes. Let us make the slogan of our county "A Few Sheep For Every Farmer". Any farmer that wishes to purchase a pure bred Shropshire buck, I will be glad to locate such a sheep. We should be able to put on the market something like 10,000 sheep annually. Sheep growing is the biggest industry Rockcastle county can engage in, therefore let me appeal to every individual farmer to buy a few sheep. Sow sweet clover and begin to stock the county with sheep, and bees will naturally follow sweet clover. Bees are now starving to death in this county.

AGRICULTURAL SURVEY OF ROCKCASTLE COUNTY.

The time has come when we must know what we have in the county. Such as farmers, owners or renters, acreage and yield per acre of corn, wheat, oats, rye, buckwheat, and etc. Horses, cattle, hogs, sheep, and etc. In order to find this out a plan has been figured out by the County Agent and put before the Board of Education which was approved by the Board and County Superintendent. It was also placed before the teachers of the county and approved by the teachers.

The official blanks will soon be sent to the teachers, and teachers will give them to the farmers of the district. Each farmer will be asked to fill out those blanks and return them to the teacher. The teacher then will make a summary of his or her district and turn it in to the County

Agent. The County Agent will make a summary of the entire county which will be an accurate report of the county. Everybody in the county is asked to co-operate in taking this survey. Everybody is wanting to know HOG CHOLERA.

Every farmer of the county should keep his eyes upon his hogs. Keep the lice off of them, worms out of them, and plenty of food to sustain the bodies in healthful conditions. If hogs get sick the well hogs should be taken from the sick hogs, and if cholera is suspected vaccination be done immediately. Mr. Carmackel, our County Stock Inspector will be ready to answer any call for vaccination of hogs. For further information write your County Agent. Get bulletins at his office on sheep, hogs, sweet clover and other information the Government furnishes.

Robt. F. Spence, County Agent.

Hart, Schaffner & Marx CLOTHES

You can get a tolerably good suit of clothes in most any store, but suppose your wife served you with a couple of tolerably good eggs, would you eat them?

The point is, why be satisfied with half-way style—half-way workmanship and a half-way fit, when it doesn't cost a cent more to get a hundred percent in all three?

It's all right to play a hundred-to-one shot on a horse if you want to gamble, but why gamble on dark horses in the Clothing business when you can put your money on a sure thing?

We have arranged for a
series of six interesting articles
"War Talks, by Uncle Dan,"
written by Mr. Howard H.
Greer, president of the Univer-
sity Military Training League, of
which this is the first. They tell
in a graphic way why military
training is of value, both to the
nation and to the individual, and
our readers will find them of
personal interest.

WAR TALKS

By UNCLE DAN

Number One

America Must Fight Hard or Germany
May Win—Necessity for Mil-
itary Training.

"Now, Billie," said his mother, "you
Uncle Dan is coming tomorrow to
spend a week with us on the farm, and
if you want to know about the war,
here's your opportunity. Uncle Dan is
probably one of the best-informed men
in the country." Billie clapped his
hands and gave such a whoop that he
wakened the baby, but what could he
expect of a fifteen-year-old boy who
a living interrogation point and want
to know about war?

Uncle Dan arrived in due time and
Billie watched for an opportunity. It
came that evening after dinner when
Uncle Dan had lighted a cigar and
taken a seat on the porch.

"I'm mighty glad you came, Uncle
Dan. I want to talk to you about the
war. We have just put military train-
ing in our township high school, but
we had a hard time to do it. The
lunatics and the Greys objected. They
said the war wouldn't come over here,
that it was a European war. They didn't
see to it that it will soon blow over.
Well, we put the training in just the
same. You order kind Judge Brown
to the shiners up. He said unless you
take off our coats and go to it, we
may not yet win, and if she does, it
will take over the great British fleet in
a war trophy and would as to do with
ever she wants to; that she could not
pay all the cost of the war; that the
kaiser could tax us as he pleased and
that we couldn't help ourselves. He
could make every one pay over a per-
cent of what he earns; that he could
make the farmers pay rent for their
farms, etc. Now, Uncle, what do you
think of that?"

"Well, my boy," said Uncle Dan
"all that Judge Brownell says might
easily come true and may unless we
quickly to the aid of the allies who
large numbers of men and help the
break the German line. Unless we es-
tent the submarines, they may pre-
vent us from getting enough food to
the allies to keep them going. In the
case Germany would win. As matter
of fact, today, our greatest need is
trained men. If we had had several
millions of men with military training
in our industries and on our farms
when the war came, who could
have been called at once for service,
do not believe the Kaiser would have
forged the war upon us. As it was, he
had no respect for us, and now we are
in it and must go through with it. But
never again must we be caught so
wholly unprepared.

"There is only one safe way," said
Uncle Dan, "and that is to adopt per-
manently universal military training
apply it to every young man who is
physically fit, say in his nineteenth or
twentieth year. The training can be
carried forward in the United States
training camps that are now being es-
tablished for training men called by
the selective draft. As soon as these
men vacate those stations, they should
be filled by younger men, and this
should be made the permanent policy
of the country."

Billie's mother, Mrs. Graham, had
overheard the conversation. She came
out and said: "Really, Brother Dan,
are you serious as to the dangers of
our country? If it is as bad as that, it
is high time for us to wake up and do
something about it."

"Exactly," replied Uncle Dan. "It
is better to wake up now than to be
wakened later. We may as well
understand, sister, that this is our
war and we must win it or God help
America. Everything that we have
or hope to have—our liberties, our
destinies, our opportunities are all in-
volved in the great issue before us.
Nothing must stand between us and
winning this war. It is a question
whether the peoples' right or the Kaiser's
might shall dominate the world.
If there ever was a holy war, this is
it. We are fighting for world liberty.
We are fighting for the freedom of
humanity. We are fighting for the
right of men to govern themselves in-
stead of being governed against their
will by a war-mad overlord. Perilous
times are ahead of us. We must be
prepared to make any sacrifice, to per-
form any service that may be required
of us."

"Oh, Uncle Dan," exclaimed Billie,
"may I bring my chum, Jimmie Col-
lins, when we have our next talk? He
is a bug on this war business and just
crazy to see you."

"Certainly," said Uncle Dan, with a
heartily laugh. "If we are to have more
talks, I shall be glad to have Jimmie
join us."

Billie clapped his hands and ran to
the phone and told Jimmie to be over
at seven o'clock the next evening.

LIVINGSTON

(Continued from 1st page.)

The battle now is raging, yes, by
day and night.
Let's be up and doing and not
afraid to fight;

Let's go buy bonds and stamps
and do our little mite,
Pull off our gloves and collars and
enter in the fight.

It matters not how proud we are,
or how stingy or tight,
Let's pull off our finery and go help
them fight.

Perhaps we can kill a Hun or two,
some day or night.
And our friends then will say, he
is not afraid to fight;

So don't make excuses for you
know that isn't right.
For if you don't want to go, just
say I am too proud to fight.

There is more Catarrh in this
section of the country than all
other diseases put together, and
for years it was supposed to be
incurable. Doctors prescribed
local remedies, and by constantly
failing to cure with local treat-
ment, pronounced it incurable.
Catarrh is a local disease usually
influenced by constitutional con-
ditions and therefore requires
constitutional treatment. Hall's

is taken internally and acts thru

Here is a letter that is certain
to prove of much interest to peo-
ple in this vicinity, as cases of
this sort occur in almost every
neighborhood, and the people
should know what to do in like
circumstances:

Savannah Mo., Oct. 12, 1916

"I used a bottle of Chamber-
lain's Colic and Diarrhoea Rem-
edy about nine years ago and it
cured me of flux (dysentery) I
had another attack of the same
complaint some three or four
years ago and a few doses of
this remedy cured me. I have
recommended Chamberlain's Col-
ic and Diarrhoea Remedy to
dozens of people since I first
used it."
